

Your Rich Data Integrated

The FleetLocate Trailer Management Solution integrates seamlessly into TMW dispatch and maintenance applications, saving time and money while protecting your existing software investments. Rich data displayed in TMW applications provide accurate, up-to-date GPS locations for every trailer in your fleet.

OPTIMIZE TRAILER UTILIZATION WITH REAL-TIME DATA

- Location, direction, and speed of trailers
- Desktop yard checks
- Event-driven alerts
- Cargo status
- Nearest available trailer

TRAILER INTELLIGENCE POWERS SMARTER DISPATCH

- Desktop Yard Checks show a breadcrumb history and events associated with every trailer
- Intelligence Search identifies the nearest trailer to a driver or customer
- Notification of the date and time a trailer arrived or departed a landmark
- Landmark Sync automatically creates a geofence enabling trailer pool management
